**EVERYONE WELCOME**

**NO CHARGE**

**PROGRAM**

**AVIATION SAFETY SEMINAR**

**There will be a chili supper provided by Voyager Aviation prior to the safety seminar,  
Be sure to come early.**

### **Back to Basics:**

Is your medical, BFR, and currency within the last 90 days up to date? Does your aircraft have all of the proper documentation aboard? Is your aircraft in an airworthy condition for the flight?

### **Regulations:**

The FSDO often encounters pilots who fail to comply with the most basic Federal Aviation Regulations. This quick review of regulations will help you better understand them, and therefore, better comply with them.

**ACCIDENT AND WINGS PROGRAM REVIEW:** The Pilot Proficiency Award Program (WINGS) will be reviewed. Learn how it will benefit you as a pilot to participate in this program. The latest accidents in Nebraska will be discussed and how we can learn from other pilots' mistakes.

This program meets the safety meeting requirements of the FAA Pilot Proficiency Award (WINGS) Program. Completion of the requirements of the Wings Program as outlined in AC 61-91, will qualify you to receive a Wings lapel pin and wall certificate. Additionally, if you satisfactorily complete a phase of the Wings Program within the period specified by Section 61.56 of the FAR's, you need not accomplish a flight review.
